STATEMENT OF PROBABLE CAUSE
(For issuance of an arrest warrant or summons)

I state that on September 10, 2023, at approximately 16:06 hours, while exercising my duties as a law enforcement officer in the Eastern District of North Carolina, within the boundary of Cape Lookout National Seashore the following actions occurred. At approximately 16:50, I conducted a foot patrol into the Cape Lookout Lighthouse pedestrian beach. Prior to foot patrol I received notification from another National Park Service employee that a visitor reported a vehicle camping in the pedestrian beach, which is not authorized for vehicle travel and is block on both side by ropes and post on both side. As I exited my vehicle and travel on foot to the beach I observed two male individuals near the water line with two fishing poles, and a tackle box. I contacted the two individuals and announced myself as "Ranger Dial- National Park Service". One individual asked who I was, I then again stated "Ranger Dial- National Park Service". At that time I observed a male individual holding two fishing rods with both rods fully connected. I requested to inspect their fishing license and tackle. One suspect stated they weren't fishing and they don't have their license on them but it's in the car. When I asked the second suspect, he stated it was in their car. Both suspects stated they purchase a North Carolina Fishing License before coming out to Cape Lookout but it was in their car. When I asked one suspect if throw their lines in the water, he stated No, he just checked his rod. Upon inspection I observed the lure on one of the fishing poles was still wet. At that time I requested the drivers license of one Suspect, later identified as FATTAH KHADEMI. Additionally, I inspected their bait and the individuals had bait and a small fishing in which I believe was freshly caught. FATTAH KHADEMI stated it was caught from the inlet. Due to my observation, I requested their information. When I asked the one suspect for their information he identified himself as FATTAH KHADEMI.

The second suspect asked me why I need their social security number and I told him that the information would go on a federal violation notice. I told the individual I would take down his information and issue him a ticket for fishing if he did not have a license. The second individual identified himself as MICHAEL BOULS.

After receiving this information, I told the individuals they were free to go and I would issue them a ticket if they did not have a valid fishing license. After returning to my vehicle, I ran their information through Carteret County Communications office. The dispatcher notified me that neither name was a valid name in their data base within all (50) states. At that time, I contacted Ranger Kraus and requested that he contact the individuals to ensure they had a fishing license and check to ensure they had a valid identification card. Once Ranger Kraus made contact with the suspects on Harkers Island, utilizing the Virginia drivers license Ranger Kraus identified the first suspect, FATTAH KHADEMI. Ranger Kraus identified the second suspect, MICHAEL BOULS. Soon thereafter I approached on scene at Harkers Island where I recontact the individuals. The individuals stated they gave me the false information of someone else who had a valid

fishing license. At that time, I seized their fishing equipment as evidence. Ranger Kraus and I then arrested both individuals for 36 CFR 2.32 (a)(3)- knowingly giving a false or fictitious report or other information. FATTAH KHADEMI and MICHAEL BOULS were also charged with 36 CFR 2.3 (a)- Fishing without a valid coastal recreational fishing license.

Violation Notice (E1918976, E1918977, E1918978, E1918979)
EC60
Carteret County

The foregoing statement is based upon:

- ☒ my personal observation ☒ my personal investigation
☒ information supplied to me from my fellow officer's observation
☐ other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

Executed on:

09/10/2023
Date (mm/dd/yyyy)
